Profile Summary

Result-oriented **.NET Developer** with **2.5 years of experience** in building scalable web applications and REST APIs using **ASP.NET Core, MVC, and C#**. Expert in biometric authentication, digital signing, and cloud-native solutions. Skilled in modern front-end frameworks like **Angular and Blazor**, with strong expertise in **SQL Server and MySQL** database optimization. Proven track record in deploying containerized applications via **Docker and Azure DevOps**.

Technical Skills

- **Languages & Frameworks:** C#, ASP.NET Core, MVC, MVVM, Web API, OOP, Design Patterns.
- **Frontend:** Angular, Blazor, JavaScript, HTML5, CSS3, SCSS, Bootstrap.
- **Databases:** SQL Server (MSSQL), MySQL.
- **DevOps & Cloud:** Docker, Azure DevOps, Linux (Application Deployment & Management).
- **Tools & Version Control:** Git, GitHub, Agile/Scrum, Postman, Locust (Load Testing)

Professional Experience

Software Engineer (L4) | ClaySys Technologies, Kochi | 2023 – Present

- Develop **RESTful APIs** in ASP.NET Core for high-security biometric liveness and digital verification systems.
- Build and maintain the **Nextly ESign** digital signing application using MVC and MySQL, deployed via Docker on Linux.
- Collaborate with AI/ML teams to integrate **facial recognition models** into backend services.
- Improve system performance through **SQL query optimization** and implementing caching strategies.
- Contribute to **Agile Scrum** teams, participating in sprint planning, code reviews, and CI/CD pipelines.

Key Projects

Face Liveness Detection (MVVM)

- Designed REST APIs for biometric authentication using **ASP.NET Core and MSSQL**.
- Integrated ML models for secure identity verification.

Nextly ESign - Digital Signing Platform

- Developed signing workflows and backend services in **MVC**. Managed document storage in **MySQL**, ensuring high data security.

Resort Booking System (Angular)

- Built a full-featured web app for booking, guest management, and room allocation.
- Designed an intuitive UI to improve reservation tracking and user experience.
